Index to Volume 125

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (January): 1–124
Number 2 (March): 125–252
Number 3 (May): 253–376
Number 4 (July): 277–504
Number 5 (September): 505–600
Number 6 (November): 601–740

AUTHOR INDEX

Abramowitz, I. A., & O'Grady, K. E. O. *Impact of gender, physical attractiveness, and intelligence on the perception of peer counselors.* 311–326.

Alpher, V. S., & Blanton, R. L. *Motivational processes and behavioral inhibition in breath holding.* 71–81.

Bailly, R. C., Carman, R. S., & Forslund, M. A. *Gender differences in drinking motivations and outcomes.*, 649–656.

Brugger, P., Regard, M., & Landis, T. *Belief in extrasensory perception and illusory control: A replication.* 501–502.

Bullock, J. R. *Parental perceptions of the family and children's peer relations.* 419–426.

Canetto, S. S. *Gender roles, suicide attempts, and substance abuse.* 605–620.

Cantwell, Z. M. *Manifest needs of prospective counselors: A comparative study.* 101–108.

Carlisle-Frank, P. *Examining personal control beliefs as a mediating variable in the health-damaging behavior of substance use: An alternative approach.* 381–397.

Carson, D. K., Gertz, L. M., Donaldson, M. A., & Wonderlich, S. A. *Intrafamilial sexual abuse: Family-of-origin and family-of-procreation characteristics of female adult victims.* 579–597.

Champlin, F. C., & Kopelman, R. E. *Hinrichs revisisted: Individual evaluations of income increments.* 359–373.

Chiu, C.-Y. *Role expectation and the principal criterion in justice judgment among Hong Kong Chinese students.* 557–565.

De Luccie, M. F., & Davis, A. J. *Do men's adult life concerns affect their fathering orientations?* 175–188.

de Man, A. F., Hall, V., & Stout, D. *Neurotic nucleus and test anxiety.* 671–675.

de Minzi, M. C. R. *A new multidimensional children's locus of control scale.* 109–118.

Dollinger, S. J., Orf, L. A., & Robinson, A. E. *Personality and campus controversies: Preferred boundaries*

as a function of openness to experience. 399–406.
Drummond, R. J., & Hansford, S. G. *Dimensions of self-concept of pregnant unwed teens*. 65–69.
Dwyer, F. M., & Moore, D. M. *Effect of color coding on visually oriented tests with students of different cognitive styles*. 677–680.
Estes, R. *An experimental investigation of gender bias in the use of management information*. 479–488.
Fandt, P. M., & Stevens, G. E. *Evaluation bias in the business classroom: Evidence relating to the effects of previous experiences*. 469–477.
Francis, J. R., & Hayslip, B., Jr. *The viability of an abbreviated version of the Holtzman inkblot technique with older adults*. 543–548.
Giacolone, R. A., & Duhon, D. *Assessing intended employee behavior in exit interviews*. 83–90.
Griffiths, M. *Psychobiology of the near-miss in fruit machine gambling*. 347–357.
Harcum, E. R. *The relative utility of complementary disparate views on volutarism and determinism*. 217–228.
Harman, M. J., & Arbona, C. *Psychological adjustment among adult children of alcoholics: A cross-cultural study*. 641–648.
Hartnett, J. J. *A note on the PEOPLE Survey: EEOC data and validation of the Honesty scale*. 489–491.
Hartnett, J. J., & Terranova, P. *A note on the PEOPLE Survey: An assessment of the reliability and validity of the Honesty scale*. 493–496.
Herringer, L. G., & Haws, S. C. *Perception of personality traits in oneself and others*. 33–43.
Hesse-Biber, S., & Marino, M. *From high school to college: Changes in women's self-concept and its relationship to eating problems*. 199–216.
Hurley, J. R. *Related measures of constructive and rational thinking*. 229–235.
Imamoğlu, E. O. *Interpersonal consequences of expressing personal or team affect for team success or failure among Turkish students*. 509–523.
Jacka, B. *Personality variables and attitudes toward dream experiences*. 27–31.
Jackson, J., & Cochran, S. D. *Loneliness and psychological distress*. 257–262.
Johnson, J. M., Petzel, T. P., & Johnson, J. E. *Attributions of shy persons in affiliation and achievement situations*. 51–58.
Kirton, M., Bailey, A., & Glendinning, W. *Adaptors and innovators: Preference for educational procedures*. 445–455.
Koslowsky, M., Caspy, T., & Lazar, M. *Cause and effect explanations of job satisfaction and commitment: The case of exchange commitment*. 153–162.
Kroll, M. D. *Persistence following differential failure*. 241–251.
Landau, E., & Weissler, K. *Tracing leadership in gifted children*. 681–688.
Leaf, R. C., & Alington, D. E. *Countering perfectionism in research on clinical practice. III: Implications for randomized designs of the presence of uncontrolled interactions and spontaneous changes*. 657–669.
Leyser, Y., & Dekel, G. *Perceived stress and adjustment in religious Jewish families with a child who is disabled*. 427–438.
Lichtenberger, C., & Stoner, S. B. *Comparison of WAIS and WAIS-R scores of developmentally disabled adults*. 119–121.
Lipton, J. P., O'Connor, M., Terry, C., & Bellamy, E. *Neutral job titles and occupational stereotypes: When legal and psychological realities conflict*. 129–151.
Long, V. O. *Masculinity, femininity, and women scientists' self-esteem and self-acceptance*. 263–270.
Lundberg, O., Hartman, S. J., & White, M. *Cognition and the plan-*

ning process: An investigation of stability of effects and decision makers' insights. 689–706.
Marc, G., & Dan, Z. *One more criticism of the multistore model of memory: An experiment on the first-in-first-out (FIFO) principle.* 497–499.
Marjoribanks, K. *The sibling resource dilution theory: An analysis.* 337–346.
McCann, S. J. H. *Threat, authoritarianism, and the power of U.S. presidents: New threat and power measures.* 237–240.
Miller, C. J., & Crouch, J. G. *Gender differences in problem solving: Expectancy and problem context.* 327–336.
Mills, J. K. *Control orientation as a personality dimension among alcoholic and obese adult men undergoing addictions treatment.* 537–542.
Mills, J. K. *Differences in locus of control between obese adult and adolescent females undergoing weight reduction.* 195–197.
Mitchell, J., & Vierkant, A. D. *Delusions and hallucinations of cocaine abusers and paranoid schizophrenics: A comparative study.* 301–310.
Murray, J. B. *Nicotine as a psychoactive drug.* 5–25.
Neuringer, C. *The social intelligence of acting students.* 549–556.
Niehoff, B. P., & Mesch, D. J. *Effects of reward structures on academic performance and group processes in a classroom setting.* 457–467.
O'Connor, B. P., & Molly, K. *A test of the intellectual cycle of the popular biorhythm theory.* 291–299.
Parson, N. M., & Mikawa, J. K. *Incarceration and nonincarceration of African-American men raised in Black Christian churches.* 163–173.
Petiprin, G. L., & Johnson, M. E. *Effects of gender, attributional style, and item difficulty on academic performance.* 45–50.
Richards, L., Rollerson, B., & Phillips, J. *Perceptions of submissiveness: Implications for victimization.* 407–411.
Riley, W. T., Mabe, P. A., & Davis, H. C. *Derivation and implications of MMPI cluster groups in clinically depressed inpatient females.* 723–733.
Ruf, B. M., & Chusmir, L. H. *Dimensions of success and motivation needs among managers.* 631–640.
Shean, G., & Lease, C. *The relationship between interaction patterns and agoraphobic fears among college students.* 271–278.
Simmons, D. D. *Dietary restraint as values-related motivation: A psychometric clarification.* 189–194.
Sohn, D. *The interaction concept in scientific discourse and in the analysis of variance.* 621–629.
Tandon, K., Ansari, M. A., & Kapoor, A. *Attributing upward influence attempts in organizations.* 59–63.
Tang, T. L.-P., & Sarsfield-Baldwin, L. *The effects of self-esteem, task label, and performance feedback on goal setting, certainty, and attribution.* 413–418.
Tubbs, M. E., Boehne, D. M., & Paese, P. W. *An empirical comparison of several commonly used measures of valence.* 707–721.
Warren, B. *Concepts, constructs, cognitive psychology, and personal construct theory.* 525–536.
Webb, J. M. *Reconstructive memory and stereotyped biasing.* 439–444.
Wicker, F. W., Brown, G., Wiehe, J. A., Hagen, A. S., & Boring, W. *Differential correlates of positive-based and negative-based incentives in motivation.* 567–578.
Wight, A. & Burn, S. M. *Will the use of "interesting" examples as a teaching tool help improve the performance of college students on science tests?* 279–289.
Wilkinson, W. K., & Schwartz, N. H. *A factor-analytic study of epistemological orientation and related variables.* 91–100.

TITLE INDEX

Adaptors and innovators: Preference for educational procedures. *Michael Kirton, Andrew Bailey, & Walter Glendinning*. 445–455.

Assessing intended employee behavior in exit interviews. *Robert A. Giacalone & David Duhon*. 83–90.

Attributing upward influence attempts in organizations. *Kanika Tandon, Mahfooz A. Ansari, & Alka Kapoor*. 59–63.

Attributions of shy persons in affiliation and achievement situations. *James M. Johnson, Thomas P. Petzel, & James E. Johnson*. 51–58.

Belief in extrasensory perception and illusory control: A replication. *Peter Brugger, Marianne Regard, & Theodor Landis*. 501–502.

Cause and effect explanations of job satisfaction and commitment: The case of exchange commitment. *Meni Koslowsky, Tamir Caspy, & Menachem Lazar*. 153–162.

Cognition and the planning process: An investigation of stability of effects and decision makers' insights. *Olof Lundberg, Sandra J. Hartman, & Michael White*. 689–706.

Comparison of WAIS and WAIS-R scores of developmentally disabled adults. *Carol Lichtenberger & Sue B. Stoner*. 119–121.

Concepts, constructs, cognitive psychology, and personal construct theory. *Bill Warren*. 525–536.

Control orientation as a personality dimension among alcoholic and obese adult men undergoing addictions treatment. *Jon K. Mills*. 537–542.

Countering perfectionism in research on clinical practice. III: Implications for randomized designs of the presence of uncontrolled interactions and spontaneous changes. *Russell C. Leaf & Diane E. Alington*. 657–669.

Delusions and hallucinations of cocaine abusers and paranoid schizophrenics: A comparative study. *Jerry Mitchell & Arlyn D. Vierkant*. 301–310.

Derivation and implications of MMPI cluster groups in clinically depressed inpatient females. *William T. Riley, P. Alex Mabe, & Harry C. Davis*. 723–733.

Dietary restraint as values-related motivation: A psychometric clarification. *Dale D. Simmons*. 189–194.

Differences in locus of control between obese adult and adolescent females undergoing weight reduction. *Jon K. Mills*. 195–197.

Differential correlates of positive-based and negative-based incentives in motivation. *Frank W. Wicker, Gail Brown, James A. Wiehe, Anastasia S. Hagen, & Wayne Boring*. 567–578.

Dimensions of self-concept of pregnant unwed teens. *Robert J. Drummond & Sandra G. Hansford*. 65–69.

Dimensions of success and motivation needs among managers. *Bernadette M. Ruf & Leonard H. Chusmir*. 631–640.

Do men's adult life concerns affect their fathering orientations? *Mary F. De Luccie & Albert J. Davis*. 175–188.

Effect of color coding on visually oriented tests with students of different cognitive styles. *Francis M. Dwyer & David M. Moore*. 677–680.

Effects of gender, attributional style, and item difficulty on academic performance. *Gary L. Petiprin & Mark E. Johnson*. 45–50.

Effects of reward structures on academic performance and group processes in a classroom setting. *Brian P. Niehoff & Debra J. Mesch*. 457–467.

The effects of self-esteem, task label, and performance feedback on goal setting, certainty, and attribution. *Thomas Li-Ping Tang & Linda Sarsfield-Baldwin*. 413–418.

An empirical comparison of several commonly used measures of valence. *Mark E. Tubbs, Donna M. Boehne, & Paul W. Pease.* 707–721.
Evaluation bias in the business classroom: Evidence relating to the effects of previous experiences. *Patricia M. Fandt & George E. Stevens.* 469–477.
Examining personal control beliefs as a mediating variable in the health-damaging behavior of substance use: An alternative approach. *Pamela Carlisle-Frank.* 381–397.
An experimental investigation of gender bias in the use of management information. *Ralph Estes.* 479–488.
A factor-analytic study of epistemological orientation and related variables. *William K Wilkinson & Neil H. Schwartz.* 91–100.
From high school to college: Changes in women's self-concept and its relationship to eating problems. *Sharlene Hesse-Biber & Margaret Marino.* 199–216.
Gender differences in drinking motivations and outcomes. *Rebecca C. Bailly, Roderick S. Carman, & Morris A. Forslund.* 649–656.
Gender differences in problem solving: Expectancy and problem context. *Cynthia J. Miller & Joyce G. Crouch.* 327–336.
Gender roles, suicide attempts, and substance abuse. *Silvia S. Canetto.* 605–620.
Hinrichs revisited: Individual evaluations of income increments. *Frederic C. Champlin & Richard E. Kopelman.* 359–373.
Impact of gender, physical attractiveness, and intelligence on the perception of peer counselors. *Ira A. Abramowitz & Kevin E. O'Grady.* 311–326.
Incarceration and nonincarceration of African-American men raised in Black Christian churches. *Naida M. Parson & James K. Mikawa.* 163–173.
The interaction concept in scientific discourse and in the analysis of variance. *David Sohn.* 621–629.
Interpersonal consequences of expressing personal or team affect for team success or failure among Turkish students. *E. Olcay Imamoğlu.* 509–523.
Intrafamilial sexual abuse: Family-of origin and family-of-procreation characteristics of female adult victims. *David K. Carson, Linda M. Gertz, Mary Ann Donaldson, & Stephen A. Wonderlich.* 579–597.
Loneliness and psychological distres. *Judy Jackson & Susan D. Cochran.* 257–262.
Manifest needs of prospective counselors: A comparative study. *Zita M. Cantwell.* 101–108.
Masculinity, femininity, and women scientists' self-esteem and self-acceptance. *Vonda Olson Long.* 263–270.
Motivational processes and behavioral inhibition in breath holding. *Victor S. Alpher & Richard L. Blanton.* 71–81.
Neurotic nucleus and test anxiety. *Anton F. de Man, Vincent Hall, & Dale Stout.* 671–675.
Neutral job titles and occupational stereotypes: When legal and psychological realities conflict. *Jack P. Lipton, Maureen O'Conner, Craig Terry, & Elizabeth Bellamy.* 129–151.
A new multidimensional children's locus of control scale. *Maria Cristina Richaud de Minzi.* 109–118.
Nicotine as a psychoactive drug. *John B. Murray.* 5–25.
A note on the PEOPLE Survey: An assessment of the reliability and validity of the Honesty scale. *John J. Hartnett & Pat Terranova.* 493–496.
A note on the PEOPLE Survey: EEOC data and validation of the Honesty Scale. *John J. Hartnett.* 489–491.
One more criticism of the multiscore model of memory: An experiment on the first-in-first-out (FIFO) principle. *Gelkopf Marc & Zakai Dan.* 497–499.

Parental perceptions of the family and children's peer relations. *Janis R. Bullock.* 419–426.
Perceived stress and adjustment in religious Jewish families with a child who is disabled. *Yona Leyser & Gad Dekel.* 427–438.
Perception of personality traits in oneself and others. *Lawrence G. Herringer & Stephen C. Haws.* 33–43.
Perceptions of submissiveness: Implications for victimization. *Lynne Richards, Beverly Rollerson, & James Phillips.* 407–411.
Persistence following differential failure. *Mark D. Kroll.* 241–251.
Personality and campus controversies: Preferred boundaries as a function of openness to experience. *Stephen J. Dollinger, Lisa A. Orf, & Ann E. Robinson.* 399–406.
Personality variables and attitudes toward dream experiences. *Brian Jacka* 27–31.
Psychobiology of the near-miss in fruit machine gambling. *Mark Griffiths.* 347–357.
Psychological adjustment among adult children of alcoholics: A cross-cultural study. *Marsha J. Harman & Consuelo Arbona.* 641–648.
Reconstructive memory and stereotyped biasing. *James M. Webb.* 439–444.
Related measures of constructive and rational thinking. *John R. Hurley.* 229–235.
The relationship between interaction patterns and agoraphobic fears among college students. *Glenn Shean & Cynthia Lease.* 271–278.
The relative utility of complementary disparate views on voluntarism and determinism. *E. Rae Harcum.* 217–228.
Role expectation as the principle criterion in justice judgment among Hong Kong Chinese students. *Chi-Yue Chiu.* 557–565.
The sibling resource dilution theory: An analysis. *Kevin Marjoribanks.* 337–346.
The social intelligence of acting students. *Charles Neuringer.* 549–556.
A test of the intellectual cycle of the popular biorhythm theory. *Brian P. O'Connor & Karen Molly.* 291–299.
Threat, authoritarianism, and the power of U.S. presidents: New threat and power measures. *Stewart J. H. McCann.* 237–240.
Tracing leadership in gifted children. *Erika Landau & Kineret Weissler.* 681–688.
The viability of an abbreviated version of the Holtzman inkblot technique with older adults. *Jacqueline R. Francis & Bert Hayslip, Jr.* 543–548.
Will the use of "interesting" examples as a teaching tool help improve the performance of college students on science tests? *Azarm Wight & Shawn M. Burn.* 279–289.
